

### Maths

Children will continue to learn about number and place value. They will be counting to 20 and beyond, ordering and comparing numbers and using the language of addition, subtraction, multiplication and division. They will learn and recognise different 2D and 3d shapes and their properties. They will also learn about money and fractions along with position and direction.

### Literacy

Using short stories, children will learn about how books give information. They will learn the features of instructions, lists and captions, nouns and adjectives. Children will create their own short stories around Space, and write fact files of astronauts. They will continue their learning about characters and settings.

### Science

Children will learn about the different seasons of the year, focussing on Winter. They will learn about the purpose of the main organs of the human body. Children will also learn about materials and their properties before finding out about the different parts of plants.

### Topic

Children will learn all about Space and what is beyond planet earth. They will learn about the different planets, and what life would be like on them. In history, children will be learning about the history of space travel and what it is like to life in Space. They will also learn about space explorers in the past and present. In D&T they will be making their own aliens and space crafts. In Art, we will be exploring the

*Up, Up and Away!*  
*Spring Term 2019*

### Music

Children start to explore sound and pitch using un-tuned instruments. They will learn how to follow a rhythm, how to alter sounds and how to play together. They will listen to The Planets and create their own versions of planet music using un-tuned instruments.

### PSHE

Children will learn about 'Living Long and Living Strong'. They will learn about being healthy, healthy choices and why we have to look after our bodies and stay healthy.

### RE

Please see long term plan for RE focus this term.

### ICT

Children will use ICT for a purpose. They will learn how to control a turtle and simple programming.
