

## **Accessibility Plan**

**Review of the policy will take place annually or sooner if necessary.**

St Mary's Church of England (A) Primary School promotes the safeguarding and welfare of all students in its care: all policies support the "Safeguarding Policy", are fully consistent with the "Every Child Matters" agenda, and fully support the principles of equal opportunities for all.

### **Introduction**

The SEN and Disability Act 2001 extended **The Disability Discrimination Act 1995 (DDA)** to cover education. Since September 2002, the Governing Body has had three key duties towards disabled pupils, under Part 4 of the DDA:

- not to treat disabled pupils less favourably for a reason related to their disability;
- to make reasonable adjustments for disabled pupils, so that they are not at a substantial disadvantage;
- to plan to increase access to education for disabled pupils.

The Plan sets out the Governor's proposals to increase access to education for disabled pupils in the three areas required by the planning duties set out in the DDA:

- to increase the extent to which disabled pupils can participate in the school curriculum;
- to improve the environment of the school to increase the extent to which disabled pupils can take advantage of education and associated services;
- to improve the delivery to disabled pupils of information which is provided in writing for pupils who are not disabled.

This Accessibility plan has been developed in consultation with the LA, staff and governors of the school.

Current Accessibility Arrangements:

## Admissions

The Governors of St Mary's Church of England (A) Primary School, Mucklestone supports the Special Educational Needs and Disability Act (2001). The Governors are, therefore, committed to the principle of all children having equal rights of access, if this can reasonably be provided.

The admission of a child with Special Educational Needs to the school will be conditional upon:

- (a) The parents'/guardians' full disclosure to the school of the child's disability. Appropriate planning by the school, including requests for additional funding, are dependent upon the school having access to all the relevant information
- (b) Following the procedures which are set out in any school policies relating to Special Educational Needs e.g. Assessing Children's Educational Needs
- (c) The availability of appropriate facilities within the school. These include both physical facilities and reasonable curricular provision
- (d) Specific additional funding from the Local Authority if required
- (e) Agreement about the stages for which entry is being offered. In particular, transition from Primary to Secondary will be dependent upon a review of the child's needs and the evaluation of any difficulties which the child may have in accessing an appropriate education
- (f) Acceptance by the parents/guardians that some educational opportunities, which take place off-site may not be available. The above conditions will also apply, if a disability develops during the course of a child's education in St Mary's CE (A) Primary School.

## **Evacuation Procedures**

**The school's Fire and Evacuation Procedure** lays down basic procedures for the safe efficient evacuation of the school buildings.

These procedures will be adapted to meet the specific needs of an individual. Such procedures will be discussed with the pupil and parents and will be set out in the Support Plan and Evacuation Procedure for each pupil.

## **Curriculum Access: Teaching, Learning and Assessment**

Our aim is that pupils with disabilities should as far as possible have access to a full and broad curriculum, similar to that followed by their peers.

As a Main Stream Primary School we cannot replicate the range of support and resources that a local authority can provide. Decisions are taken on an individual basis following a full assessment of a child's needs. Such assessment is carried out within the terms of the school's SEN Policy and guidelines on assessing children who may have Special Educational Needs.

Access to the curriculum is a key issue for consideration at the stage of admission, transition within the school or when a disability develops. The Support Plan for the pupil will address the issue, which will therefore be kept under constant review.

Advice is sought from the appropriate national and local agencies. Support can come in a variety of formats through the school's staged intervention strategy.

- Input from specialist (external) teachers
- Technological enhancements - induction loops, ICT
- Adaptation of teaching materials

In constructing the school timetable, the school will give sympathetic consideration to individual needs. Also, furniture, seating arrangements and the classroom used can be altered to facilitate access and learning. However, the location of specialist equipment may preclude some possibilities.

In conjunction with the SENDCo, teachers will assess a pupil's need for support with assessment procedures. This will include both internal assessment procedures and external assessment such as those associated with national tests

The school has an on-going program of staff development related to meeting the needs of different learners. Specific training on the needs of pupils with hearing or sight impairment and those with specific learning difficulties is carried out as required.

## **Informal Curriculum**

Pupils at St Mary's C.E. (A) Primary School have always been able to participate fully in the wide range of activities offered beyond the Classroom consistent with the limitations imposed by any disability. This has included

- Outdoor Education
- Sports
- Music
- Clubs and activities
- Excursions and trips

Arrangements for play, recreation and other aspects of a child's social development are incorporated into a child's Support Plan.

The suitability of any event and the need for additional support is discussed fully with parents in advance.

### **Information for Pupils and Parents**

Parents are routinely involved in reviewing provision for their child. The child will also be involved depending on their ability and willingness to participate.

Large print format materials are available when required.

If either pupils or parents have difficulty accessing information normally provided in writing by the school such as hand-outs, newsletters, homework etc., then the school will be happy to consider alternative forms of provision in consultation with the County's Advisory Services.

It has been written to ensure that the school identifies and prevents discriminating practices which might disadvantage vulnerable groups, by creating or exacerbating inequalities and barriers to learning.

Children with disabilities are a potentially vulnerable group who can be disadvantaged if policies, procedures and practices within the school do not take account of, and seek to remove barriers, which could deny them the educational opportunities available to other children.

Other important plans are contained and considered within this plan. They are:

- Equal opportunities (including Racial Equality) Policy
- Health & Safety Policy (including procedures for administering medicines)
- Personal Evacuation Plans
- Special Educational Needs/ Inclusion Policy
- Positive Behaviour Policy
- The Annual School Welcome Booklet

### **Action Plans**

It is a requirement that the school's accessibility plan is resourced, implemented, reviewed and revised as necessary and reported on annually. Below are 3 Action Plans which show how the school will address the priorities identified in the plan.
