

Ms Georgie Cartwright

Foundation Governor & Curriculum Committee

I joined the board of governors in September 2018 as a foundation governor, and am on the curriculum committee.

I have been teaching for thirteen years and have worked in three schools during this time; I currently teach year 6 at Market Drayton Junior School, where I have been for six years. As part of my role, I lead mathematics and have been responsible for implementing the new mastery curriculum. In addition, I have led both music and R.E. and I also run our school choir.

My links with St. Mary's go back to 2005 when I had my final teaching practice at the school. Since then, I have been involved through my links with the church – running many children's events and summer holiday clubs.

I am pleased to be able to use my experience to support St. Mary's School and be involved in making it a special place for the children to learn and develop.
